

## Let's go to Africa

Let's go to Africa

Where the sun is shining

What can we see?

A herd of elephants marching by, that's what we see

Look, the elephants are very big.

What can we see?

Some Giraffes eating leaves from the trees, that's what we see

Look, the giraffes are very tall.

What can we see?

## Let's go to Africa

A lion with a big, loud roar, that's what we see

Look, you can see his sharp teeth.

What can we see?

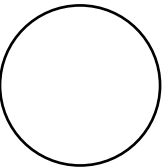

Lots of monkeys swinging from the trees, that's what we see

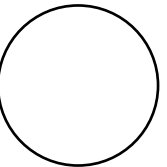

Look, they are using their long tails.

We've seen lots on our journey, now it's time to go!
